### Feedback analysis and reward/ corrective measures:

Faculties of ADCBP are assessed for their effective teaching methodologies from the students twice in a semester. This process is an online and conducted at college level and it is totally blind feedback. A faculty from ADCBP is assigned a job of institute level coordination to monitor the feedback process. The faculty is assessed against well designed 10 questionnaires for theory and practical are as given below;

Theory Feedback Questions		Practical Feedback Questions	
1.	How well the teacher come prepared for lecturing in the class?	1.	How well the teacher come prepared for practical in the laboratory?
	4 – Thoroughly		4 – Thoroughly

Each head is measured in the category of four different grades. The overall score is calculated on the scale of 0 to 100. Soon after the feedback collection the coordinator circulates the overall ratings of all faculties for necessarily action. The list of faculties having overall score below 80% is made available for corrective measures.

**Corrective Measures:**

Discussion of all Internal Quality Assurance Cell (IQAC) members is carried out after first feedback with those faculties who score below 80%. The points of discussion about the preparation of the subject, student class control, student counselling, etc. and advised them to improve by the next feedback giving concentration on the item where they are lagging. Follow-up of their feedback is carried out after 15 days or before 2<sup>nd</sup> sessional examination, if no any improvement found in II<sup>nd</sup> feedback, disciplinary action will be recommended to the higher authority.

**System of Reward:**

As detailed in graphical representation of faulty feedback process, ADCBP has designed a process of feedback in which the faculties are issued a letter of appreciation for achieving average excellence (Above 95% score) in the teaching feedback. The letter of appreciation is issued by the head of institute to the faculty.

Dear Sir / Madam,

Student satisfaction is one of the most important aspects of organizational performance that is critical for the organization's current and future success.

It is evident from the student feedback I (academic year 2023-24 Odd term) conducted on 18<sup>th</sup> October 2023 (for FY, TY & Final year) & 06<sup>th</sup> November 2023 . It is observed that your student satisfaction score is below 70%. This may lead to some students' failure in the university's summative exam. Such failure has undesirable consequences which affect the unique identity of the institute. As Per the counselling conducted by the Head of the Institute & IQAC coordinator on 07<sup>th</sup> November 2023, further improvement is expected. Please check the following table for the score in Feedback I.

SN.	Name of Faculty	Subject Name	Year	Div / Batch	Feedback I Score in %
